Approximately 3-5 working days once all documentation is in order.

Duty-Free Eligibility

Duty-free conditions: Used personal effects and household goods are allowed into Barbados free of duties, provided the items have been owned and in the importer's possession for at least 1 year. Items that are new, purchased within the last year, or unused are subject to duty.

New items within shipments: Subject to import duties. Duty rates vary by item category under the CARICOM Common External Tariff (0-20% for most goods, higher for certain categories). New/commercial furniture attracts approximately 60% duty plus 1% environmental levy plus 17.5% VAT.

Documents

- **Proof of residence in Barbados**
- **Detailed inventory**

Household Goods — Specific Information

Customs interview and examination: The client must be available for a customs interview prior to the release of goods and must declare contents to the customs officer. Following the interview, a physical examination by a customs officer is conducted at the importer's residence (for FCL shipments). This at-residence inspection is a distinctive feature of Barbados customs.

Returning Nationals Programme: Barbadian citizens who are at least 50 years old, are citizens by birth/registration/naturalisation/descent, and have lived abroad for 10 or more years continuously prior to resettlement qualify for duty-free concessions on: one motor vehicle per household (imported from outside CARICOM unless relocating from within CARICOM); household effects (used or new); and tools of trade (subject to Customs Department approval). Returning nationals must: provide proof of retirement or resignation from overseas employment; submit documentation proving permanent residence abroad for at least 10 years; and reside in Barbados for at least 183 days annually for a specified period. Vehicles and goods may not be purchased duty-free in Barbados under this programme. Building materials are not covered.

Non-nationals: Used household goods owned for 1+ year are duty-free. New items are subject to applicable duties and taxes.

Temporary importation: Barbados does not subscribe to the international carnet. A customs bond/guarantee must be established and backed by a local financial institution for the value of the

duty liability on the shipment. This permits goods to enter without paying duties, on condition they will be re-exported. Items not re-exported are subject to full duties and taxes.

Diplomatic shipments: Usually exempt from customs duties and taxes. The diplomatic agency must apply for an exemption certificate from the Ministry of Foreign Affairs (approximately 4 working days for approval). Clearance can proceed within 1 day after the exemption documents are returned.

Key country facts: Barbados is an island nation in the Lesser Antilles of the Caribbean, east of the Windward Islands. The capital is Bridgetown. The official language is English. The currency is the Barbados dollar (BDS), pegged 2:1 to the US dollar. Barbados became a republic in November 2021, replacing the British monarch as head of state. It is a full member of CARICOM. The economy relies on tourism, financial services, and light manufacturing. VAT is 17.5%. Driving is on the left-hand side.

Important notes for movers: The at-residence customs examination is Barbados' most distinctive procedural feature. Movers should advise customers that a customs officer will visit their home to inspect the delivered goods. The 1-year ownership requirement for duty-free import of used goods is straightforward. The camouflage material prohibition is unusual and strictly enforced — any clothing, bags, or fabric in camouflage patterns will be confiscated. Vehicle duties are very high (62-120% depending on specifications), making vehicle import expensive for non-

returning-nationals. The Returning Nationals Programme has strict eligibility (50+ years old, 10+ years abroad) but generous benefits when it applies.

Regulatory Updates

- **Ongoing:** The Returning Nationals Programme now allows duty-free purchase of a vehicle from a local Barbados dealer (payment via overseas wire transfer), in addition to the traditional vehicle import option.
- **2021:** Barbados became a republic (November 30, 2021), though this did not change customs regulations.
- **VAT:** Currently at 17.5%, having been adjusted from earlier rates.
